BUNKAFUNK & PECHAKUCHA

GOOD MUSIC, GOOD TIMES

IN COLLABORATION WITH
10TH ANNIVERSARY OF SWEDISH STYLE IN TOKYO

BUNKAFUNK is the multicultural music event that brings great bands from Japan and Europe together for one night only! We are servants of music and our goal is not only to put on a fantastic show for you but also to promote the relationship and exchange of talent between Japan and Sweden. On **October 30th** we will be presenting 2 bands from Sweden, 2 bands from Japan and no less than 3 DJ sets.

This is the premiere of a music event in Japan that we aim to make a yearly highlight.

Premiere!

Bunkafunk is the unique event where producers, artists, music-enthusiasts, singers and record labels can meet and exchange ideas while at the same time enjoying the latest bands as they play their hearts out on the stage. It is up to you to be there and make sure that the communication and exchange is kept alive. Whether it means handing out your demo to everyone or just letting your friends know you just saw a killer band via twitter. It is all a part of the discourse that Bunkafunk wants to stimulate in order to promote music at its best.

Founders and creators of Pechakucha, the networking club night, will also be taking part in the evening. From 20:20 you will be able to hear fantastic presentations in the Pechakucha format. Each presenter is allowed 20 images, each shown for 20 seconds each - giving 6 minutes 40 seconds of fame before the next presenter is up. This keeps presentations concise, the interest level up, and gives more people the chance to show. E-mail us at bunkafunk@gmail.com or go on Superdeluxe's website www.super-deluxe.com for more info on how you can present your ideas, projects or maybe just yourself!

Parties involved

SideChild

A soul/funk inspired 7-piece band that have just released their first album with Soundhabits in Sweden. Vocalist Pontus Andersson combines his phenomenal voice and charisma with a fantastic set-up of musicians to create a brilliant live show.

Boeoes Kaelstigen

This Swedish electro-duo combines ambient techno with classic beats that will set you up for a night of dancing. They have been praised in both Sweden and the UK. Not only will they perform live for us but also spin records later on in the night.

The Brixton Academy

An up and coming Japanese band that play all over Japan all the time. The relatively new band likes to keep their creativity free from influence and run the show completely on their own. Their 80's bass beats and catchy pop melodies will put a big smile on your face.

White Scooper

A real treat to behold! White Scooper combines the best of Japanese raw creativity with simple melodic vocals. Their edgy electro sounds will grab your attention straight away before their beats set your body in motion.
